## THE CLINICAL ENDOCRINOLOGY EDUCATIONAL MODULES

*In 2013, the Endocrine Society of Australia joined the Society for Endocrinology (UK) in adopting Clinical Endocrinology (CEN) as their Society's official journal.*

This was a stimulus for the Editors to activate an initiative, which had been planned for 2 years, to "unlock the educational potential" of the Journal. Although the Journal's Impact factor (currently 3.3) remains the key benchmark, the Editors believe that articles published in a Society's clinical journal should also be tailored for continuing education and specialist training. With this goal in mind, CEN Educational modules are based on articles which are in press or recently published in CEN. The module expands the paper into a topic by including:

- ▲ Revision Material to provide background
- ▲ Take Home messages to emphasise the clinical points
- ▲ Expert Commentary to integrate the material from the article into the current literature which it is intended to be useful for preparation of Journal Club and other clinical presentations.
- ▲ Multiple Choice Questions (using FRACP format and standard) to test understanding of the module content.
- ▲ Historical Context to provide a broader understanding of the Art and History of Endocrinology.

The modules identify the components of the RACP and RCP's curricula which are covered by the module and each module has clearly defined Learning Objectives. ***On completion of the module, a printed certificate documenting time spent on the module can be downloaded for CPD purposes.***

The modules are accessible by registering at:  
[www.wileyhealthlearning.com/cen](http://www.wileyhealthlearning.com/cen)

**Click on link to view title of all modules:** <http://www.endocrinesociety.org.au/education.asp>

Each module is written by either an advanced trainee or a consultant endocrinologist with an interest in the particular topic from Australia or the UK. The module is then reviewed by an expert in the field to ensure balance and validity of the material.

Rebecca Reynolds ([R.Reynolds@ed.ac.uk](mailto:R.Reynolds@ed.ac.uk)) is the CEN Editor responsible for selecting papers for the modules and arranging authors and reviewers. She invites comments and contributors for this project.

**Aim:** To support younger members of the society to travel to international meetings, laboratories and/or clinics to further their training and knowledge in Endocrinology.

Awards: One award of \$3500 will be granted to assist with the costs of international travel to a European destination. Deadline: **1 March 2015**

### Hot Topics – ESA newsletter

**HOT TOPICS! RECENT PUBLICATIONS FROM ESA MEMBERS** The exceptionally high calibre of research conducted by our members is evident in the number of recent articles published in high impact, international, peer reviewed journals.

Do you have a publication hot off the press? To have it included in the next Hot Topics! please forward a pdf of your manuscript and a short summary to the newsletter editor,  
Dr Craig Harrison: [craig.harrison@princehenrys.org](mailto:craig.harrison@princehenrys.org) by **5<sup>th</sup> March 2015**

### Honorary Life Membership of The Endocrine Society of Australia

#### Nomination for Life Membership:

Nomination by any ESA member (of at least 5 year membership), to be seconded by another ESA member and accepted by the nominee (via a nomination form).

Considered and approved by a Council vote at the May 2015 ESA Council meeting. Life Membership will normally be limited to one recipient per year.

#### Criteria for ESA Life Membership:

- Age over 55.
- Member of ESA for 25 years or more.
- May have served on ESA Council, but have been off Council for a minimum of 2 years.
- Has made an outstanding contribution to research or clinical practice in the field of endocrinology in Australia.
- Is recognised as a high quality mentor/teacher through either supervision of higher degree candidates and/or clinical advanced training in endocrinology.

FROM THE ENDOCRINE SOCIETY

<http://www.endocrinesociety.org.au/patient-resources/index.asp>

The Endocrine Society of Australia have established an international collaboration with the US Endocrine Society to adapt patient information to the Australian setting and make them readily available.

These resources are rigorously developed, evidence based and aimed to support patients to understand their endocrine condition with the support of their doctor.

The Organising Committee welcomes all trainees, endocrinologists, and interested clinicians to the 2015 ESA Seminar, in beautiful Manly, NSW. The theme is Reproductive Endocrinology, and we plan an exciting program covering the spectrum of clinical issues in this important field. Our international guest will be Professor Bradley Anawalt from the University of Washington, USA, a renowned speaker on male reproductive endocrinology. We are also fortunate to have a great depth of Australian expertise who will share their experience in didactic lectures and interactive panel discussions. Full speaker lists and session details to follow shortly. We look forward to seeing you there.

Early bird registration now open. **Closes 20<sup>th</sup> February 2015**

The Organising Committee welcomes all trainees, endocrinologists, and interested clinicians to the 2015 ESA Clinical Weekend in the beachside town of Glenelg, Adelaide. Our two overriding themes will be Reproductive Endocrinology and Thyroid Cancer. We look forward to stimulating case discussions based on presentations by our advanced trainees supported by plenaries by our international guests, Professor Richard Santen and Professor Michael Tuttle, both renowned speakers and clinicians in the fields of breast cancer and advanced thyroid cancer respectively.

Registration and case study submissions open **10<sup>th</sup> February 2015**
