

8 July 2014

## ESA / IPSEN International Travel Grant Award

**Aim:** To support younger members of the society to travel to international meetings, laboratories and/or clinics to further their training and knowledge in Endocrinology.

One award of \$3500 will be granted to assist with the costs of international travel. Deadline: **1 August 2014**

**Further information:** <http://www.endocrinesociety.org.au/awards-and-grants.asp#esa>

### Find an Endocrinologist

The Endocrine Society of Australia receives regular enquiries to recommend an endocrinologist with particular interests or expertise. Endocrinology is a broad field, which includes some very common conditions, but also some very rare ones. As a result, people who have rare conditions may benefit from seeing a specialist with additional experience or expertise. The Society comprises clinical endocrinologists and also scientists, who research endocrine disorders but do not see patients. Clinical members of the Society have been invited to submit their contact details and self-nominated areas of interest. Please note that the Endocrine Society of Australia is providing this as a community service to help patients find a suitable endocrinologist (considering both geographical issues and area of interest). The Society is not endorsing or recommending any of the listed clinicians or their degree of expertise.

The general public will be able to search for an Endocrinologist in this section:  
<http://www.endocrinesociety.org.au/search-for-an-endocrinologist.asp>

If you would like to be listed in 'Find an Endocrinologist' Log in at the ESA homepage:  
<http://www.endocrinesociety.org.au/>

### ESA Future meetings – dates for the diary

ESA Seminar Meeting 2015, 1-3 May, Novotel Manly Pacific, Sydney  
ESA Clinical Weekend 2015, 21-23 August, Adelaide  
ESA/SRB ASM 2015, 23-26 August, Adelaide Convention Centre

### ANNUAL GENERAL MEETING

The Annual General Meeting of ESA will be held at Melbourne Convention Centre on Tuesday 26th August 2014 at 5.00pm.

All members are encouraged to attend this meeting

### Recognition in Queen's Birthday Honours

#### Congratulations to Professor Paul Alter KOMESAROFF

Professor Komesaroff from the Centre for the Study of Ethics in Medicine and Society received his AM for his significant service to ethics in medicine as a physician, researcher and philosopher.

#### PHI Researcher named Hoffenberg International Medalist 2014

**Professor Rob McLachlan**, Head of Prince Henry's Institute's Clinical Andrology Laboratory, has been selected as the 2014 Hoffenberg International Medallist in recognition for his outstanding contribution to the field of endocrinology. Awarded by the Society of Endocrinology to a member of the scientific community outside of the UK, the medal is presented at the Endocrinology Society's BES Meeting, with the winner delivering the prestigious Hoffenberg International Medal Lecture. Professor McLachlan will receive his award in March 2014.

## **Invitation to participate in a research project: Translation of research evidence to clinical practice via social media**

You are receiving this invitation because you have been identified as a health researcher, practitioner or student who may be interested in participating in a study investigating translating research evidence into clinical practice.

This research is being conducted by an international team of researchers and clinicians, led by Monash University, and has the approval of the Monash University Human Research Ethics Committee (CF 14/1372 - [2014000640](#)).

We would like to know your thoughts on the potential of social media as a direct information-sharing pathway between researchers and clinical practitioners via a short, anonymous on- line survey. Please click on the link below to complete the survey.

[Accept link to survey](#)

[Decline to participate](#)

You will then have the opportunity to opt-in to an interview, (for which you will receive either a \$ 50 movie voucher or charity donation) and/or a trial of receiving best evidence practice points via social media from the world leading Monash Tendon Research Group.

Kind Regards,

Dr. Stephen Maloney

Chief Investigator

Explanatory Statement:

## **Research on intersex/DSD treatment models and the experience of practitioners who work with these patients.**

My name is Mel Ferrara, and I am a student researcher at Muhlenberg College. I am researching intersex/DSD treatment models and the experience of practitioners who work with these patients.

I am looking to collect data from medical practitioners, specifically endocrinologists, gynecologists, urologists, geneticists, nurses, social workers, and psychologists, who work with patients with disorders of sexual development.

This will involve participation in a secure, online survey that takes approximately 15 minutes to complete. The survey is in English. The survey can be found at the following link: <https://www.surveymonkey.com/s/9L7XFJN>

**All responses are confidential and will not be linked to the individual participant or her/his medical practice.**

If applicable, I would greatly appreciate your participation in this survey. Also, please feel free to share this information and link with your colleagues. If you have any questions, you can contact me at the below email address.

Thank you, Mel Ferrara [mferrara246298@gmail.com](mailto:mferrara246298@gmail.com)
