18TH INTERNATIONAL CONGRESS OF ENDOCRINOLOGY  
JOINTLY WITH THE 53RD SEMDSA CONGRESS

1-4 DECEMBER | CAPE TOWN | SOUTH AFRICA

## PRELIMINARY PROGRAMME ONLINE

The local and international Program Organising Committee have worked hard to put together an outstanding scientific program for **ICE 2018** consisting of 13 parallel sessions comprising 11 plenary lectures, 75 symposia and 90 MTPs across 3 1/2 days of endocrinology education and networking set to the back drop of captivating Cape Town.

Download the day by day program-at-a-glance from the official congress website [here](#) or browse the preliminary program, [here](#).

## MEET THE SPEAKERS

A world-class speaker line-up is set to present their latest research at **ICE 2018**.

Almost 300 global experts will gather in Cape Town in December this year to share their perspective and up-to-date advances in their specialist areas of Diabetes, Obesity, Lipids, Cardiovascular, Adrenal, Thyroid, HPA axis, Reproduction, Bone, Calcium, Metabolism, GH/IGF-I/Growth Factors, Neuroendocrinology, Pituitary, Aging, Pediatrics, Receptors and more.

Visit the official congress website to browse the confirmed speakers and their biographies here:

<http://www.ice2018.org/index.php/programme/meet-our-speakers>

## DISCOUNTED REGISTRATION FEE FOR ALL YOUR MEMBERS!

**ALL individual members of ISE National Societies** (that's approximately 55,000 endocrinologists!) are eligible to register at the ISE Member rate and benefit from **\$150 discount** in addition to significantly discounted rates for trainees and nurses. Registration includes access to all sessions, exhibition, refreshment breaks and an unmissable Welcome Reception taking place on Saturday 1 December 2018.

[For the best value, register at the Early Bird rate by 31st July!](#)

## Curtin University study seeking to interview health professions around the issue of men who inject PIEDs

Endocrinologists are needed who have experience in working with men who have ever injected image and performance health drugs, to explore their understandings of Performance and Image Enhancing Drug (PIED) injecting, and perceptions of needs for more effective, better-targeted responses and health information. The overall purpose of the study is to improve understandings of PIED use to inform effective, targeted PIED-related hepatitis C prevention education and other health information.

### **Survey: Your opinion is invited to help guide research in Cushing's disease**

We are inviting you to complete an online survey about your definitions of remission and recurrence in patients with Cushing's Disease after transsphenoidal surgery (TSS) for an ACTH-secreting pituitary adenoma.

You may have already participated in this survey. If so, thank you for your valuable input. If you have not completed the survey, please take the time to consider helping us with this important research.

Your input will help us to identify the remission and recurrence criteria that are most clinically relevant to endocrinologists, thus informing future research and facilitating its translation into the Australian clinical setting.

The survey comprises of 18 questions and will take less than 10 minutes to complete. It is strictly confidential and anonymous.

Please click on the link below to begin the survey. We would greatly appreciate your time in helping us with our research.

[www.CushingsDiseaseSurvey.com](http://www.CushingsDiseaseSurvey.com)

The survey is part of a project being conducted at St Vincent's Hospital in collaboration with the University of New South Wales. If you have any queries or comments about the survey or the research study, please contact Anna Brzeska at UNSW using the contact details below.

### **RACP Specialty Society Webinar Series - Metabolic Bone Health (ANZBMS)**

Dear Endocrinologists and Advanced Trainees,

We are pleased to announce that this year the ANZBMS was selected by the RACP to participate in a Specialty Society Webinar Series to promote and improve education in metabolic bone health.

The webinar series will consist of the 3 important topics presented by experts in the field:

- 1. Prof Peter Ebeling – Wednesday 18 July. Post-transplant osteoporosis/bone health (including solid organ and bone marrow transplant)**
- 2. Prof Emma Duncan – Tuesday 18 September. Pre-menopausal osteoporosis (including POI and the female athlete)**
- 3. Prof John Eisman – Wednesday 17 October. Stopping osteoporosis medications- when, why and how.**

Please save the date. Further details will be provided closer to the time of presentation.

Kind regards, Sabashini Ramchand and Jasna Aleksova  
ANZBMS ECIC Clinical Representatives

### **Consulting room - Adelaide**

Expressions of interest for ENDOCRINOLOGISTS or DIABETOLOGISTS. Consulting rooms available in Melbourne Street Office, North Adelaide with the envision of starting up a private multi-disciplinary diabetes clinic.

If interested, please contact Juliet Richards (BPharm/CDE) on 0439 804 605.

## REMINDER TO PAY YOUR SUBSCRIPTION DUES

ESA membership subscriptions are **now due**.

**Un-financial members are not able to obtain member registration for the Seminar, Clinical weekend and Annual Scientific meeting. Un-financial members will be charged the non-member rate.**

Please renew your subscription by logging in at [www.endocrinesociety.org.au](http://www.endocrinesociety.org.au) and selecting Subscription Renewal from the menu.

## PATIENT RESOURCES IN ENDOCRINOLOGY- a partnership between ESA and the US Endocrine Society

<http://www.endocrinesociety.org.au/patient-resources/index.asp>

The Endocrine Society of Australia have established an international collaboration with the US Endocrine Society to adapt patient information to the Australian setting and make them readily available.

These resources are rigorously developed, evidence based and aimed to support patients to understand their endocrine condition with the support of their doctor.
