### **The Medical Journal of Australia (MJA)**

The Medical Journal of Australia (MJA) is planning an Endocrinology and Diabetes themed issue for publication in mid-August 2016, to coincide with the Annual Scientific Meeting of the Endocrine Society of Australia/Society for Reproductive Biology/Australian and New Zealand Bone and Mineral Society Meeting from 21-24 August; and with the Australian Diabetes Society/Australian Diabetes Educators Association Annual Scientific Meeting from 25 – 28 August 2016. In addition to commissioning specific articles for the issue, they are also inviting unsolicited manuscripts for submission on any topic within the field of Endocrinology, and in any of their prescribed manuscript formats including research, guidelines, systematic reviews, perspectives and clinical focus articles. Manuscripts can be any of the article types listed on their Instructions for Authors page (available at <https://www.mja.com.au/journal/mja-instructions-authors-types-articles-published-mja>), including research, guidelines, short reports, perspectives, for debate and reflections. It should be noted that there will only be scope for a limited number of manuscripts across all areas of endocrinology in this single issue of MJA.

**Manuscripts should be submitted by 20 April 2016.**

### **ESA newsletter - HOT TOPICS! RECENT PUBLICATIONS FROM ESA MEMBERS**

The exceptionally high calibre of research conducted by our members is evident in the number of recent articles published in high impact, international, peer review journals. Do you have a publication hot off the press? To have it included in the next ESA newsletter please forward a pdf of your manuscript and a short summary to the newsletter editor, Dr Craig Harrison: [craig.harrison@hudson.org.au](mailto:craig.harrison@hudson.org.au) by **22nd March 2016**.

## **Nominations for ESA Council 2016-2020**

Nominations are now called for election to membership of the Council of the Endocrine Society of Australia.

At the 2014 election the following were elected for four years until 2018:  
Bu Yeap, Nicolette Hodyl, Belinda Henry, Chen Chen and Craig Harrison

Council members reaching the end of their terms in 2016 are Helena Teede (who will stay on for the next year in the role of past-president), Tim Cole, Ashim Sinha and Morton Burt. These members can stand for re-election if they wish.

Warrick Inder will take on the role of President for two years, then past-president for one year.

Therefore, in the 2016 election, those elected will stay on ESA Council for 4 years until 2020. At least 4 states must be represented on the Committee.

A nomination form is included below for any ESA member wishing to nominate for election to ESA Council for 2016-2020. Nominees must be a financial member of the Society, and be nominated by two financial members of ESA. The primary requirement of a committee member is an interest in assisting with the work of ESA in promoting endocrine research and practice in Australia.

Nominations for election to the Society must reach the secretary of the ESA, A/Prof Tim Cole, 145 Macquarie Street, Sydney, NSW 2000 by 5:00 pm, **Friday 1<sup>st</sup> April 2016**.

Further details regarding the Committee of ESA, and procedures for elections to the committee can be found at the ESA website:<http://www.endocrinesociety.org.au/constitution.htm>

FROM THE ENDOCRINE SOCIETY

<http://www.endocrinesociety.org.au/patient-resources/index.asp>

The Endocrine Society of Australia have established an international collaboration with the US Endocrine Society to adapt patient information to the Australian setting and make them readily available.

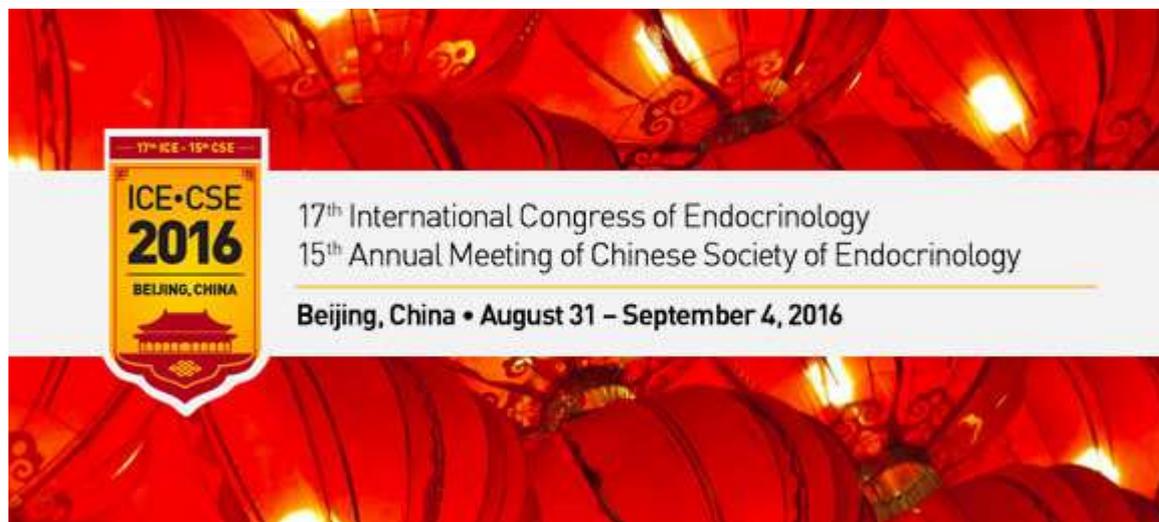

These resources are rigorously developed, evidence based and aimed to support patients to understand their endocrine condition with the support of their doctor.

### **Click for resources**

These are available in both English and Chinese.

\*This information is designed to be informative and educational. It is not intended to provide specific medical advice or replace advice from your doctor.

\*Please note that only the information on the Australian link below is adapted to national settings including medications and tests. Other resources on the US website may be helpful but may not be consistent with Australian practice.

### **Multilanguage resources to help people with diabetes**

New research conducted by Diabetes Australia (DA) and the Australian Diabetes Educators Association (ADEA) suggests that people with diabetes need more relevant information to equip them to manage their condition during and after an emergency.

The new resources are profiled in a stakeholder action kit, which was jointly developed by DA and ADEA to provide emergency preparedness information for organisations that help people with diabetes.

You can also [click here](#) to download the stakeholder action kit.

Information in the kit is evidence-based and was tested with health professionals and people with diabetes from five of Australia’s major language groups: English, Arabic, Turkish, Vietnamese and Chinese (simplified and traditional).

Resources for people with diabetes include the My Diabetes Plan and the Managing Your Diabetes in an Emergency flyer. Both are available in five languages. The kit also includes information for medical and emergency services about the effects of emergency situations on people with diabetes.
