[Statement from the Endocrine Society of Australia regarding marriage equality and gender issues. June 2017](#)

The Queen's Birthday 2017 Honours List

Congratulations to Professor Peter Colman

MEMBER (AM) IN THE GENERAL DIVISION OF THE ORDER OF AUSTRALIA

Professor Peter Grahame COLMAN, Kew East VIC 3102

For significant service to medicine in the field of endocrinology, particularly diabetes research, patient education and clinical management.

The independent SOS Fracture Alliance is launching today – Australia's only national alliance of 30 medical, allied health, patient & consumer organisations focusing on the prevention of osteoporotic fractures. Go to <http://www.sosfracturealliance.org.au>

IMPORTANT DEADLINES:

RACP/ESA Research Establishment fellowship in Endocrinology
THE ESA KEN WYNNE MEMORIAL POSTDOCTORAL RESEARCH AWARD
ESA Postdoctoral Award
ESA Research Higher Degree Scholarship

3 July 2017
30 October 2017
30 October 2017
30 October 2017

ESA, ADS and ANZBMS Webinar

1 May 2017 - Prof Joseph Proietto - Update on the Management of Obesity

6 June 2017 - Prof Susan Davies - Prescribing for menopause

Please find the link below to the recording that has now been published on the College website. Only fellows of the college can access the webinar. <https://www.racp.edu.au/fellows/resources/specialty-society-webinar-series/specialty-society-webinars/australian-diabetes-society-australian-and-new-zealand-bone-and-mineral-society-and-endocrine-society-of-australia-webinars>

ICE-SEMSDA 2018 – Call For Programme Suggestions

The Program Organizing Committee (POC) invites you to submit your suggestions for scientific sessions at ICE-SEMSDA 2018.

All ideas and suggestions will be reviewed by the ICE-SEMSDA POC for discussion at the POC meeting, which will be held in October 2017.

If you would like to submit more than one suggestion, please complete the proposal form as many times as you need.

Suggestions may be submitted online.

The closing date for submissions is **30th June 2017**.

<http://www.ice2018.org/index.php/ice-semsda-2018-call-for-programme-suggestions>

Staff Specialist - General Medicine with Endocrinology (514927)

Tasmanian Health Service - North West Region are seeking a motivated and experienced Staff Specialist in General Medicine with a sub speciality of Endocrinology, who will work as part of the Department of Medicine across the North West Region of Tasmania.

Closing date: 31 July 2017

FURTHER INFORMATION

How to access ESA Journals

ESA has partnered with the Journal **Clinical Endocrinology**, This will be our Society's journal. ESA members will have electronic access to this journal and will be able to get articles published. The editorial board can be expanded to include more Australian members.

Clinical Endocrinology publishes papers and reviews which focus on the clinical aspects of endocrinology, including the clinical application of molecular endocrinology. It does not publish papers relating directly to diabetes care and clinical management. It features reviews, original papers, commentaries, cases of the month, book reviews and letters to the editor. **Clinical Endocrinology** is essential reading not only for those engaged in endocrinological research but also for those involved primarily in clinical practice.

To access the journal:

Use the member log-in on the homepage: <http://www.endocrinesociety.org.au/>

Go to membership then Clinical Endocrinology Journal

Journal of Endocrinology is the highest impact journal dedicated to basic endocrinology.

Journal of Endocrinology publishes original research articles, reviews and science guidelines. Its focus is on endocrine physiology and metabolism, including hormone secretion; hormone action and biological effects. The journal publishes basic and translational studies at the organ, tissue and whole organism level.

ESA endorses **Journal of Endocrinology** entitling the ESA membership to a 25% discount on colour figure charges. **Impact Factor: 4.706**

Website: <http://joe.endocrinology-journals.org/>

Journal of Molecular Endocrinology is the only society-owned journal dedicated to molecular endocrinology.

The journal focuses on molecular and cellular mechanisms in endocrinology, including: gene regulation, cell biology, signalling, mutations, transgenics, hormone-dependant cancers, nuclear receptors, and omics. Basic and pathophysiological studies at the molecule and cell level are considered, as well as human sample studies where this is the experimental model of choice. Technique studies including CRISPR or gene editing are also encouraged.

ESA endorses **Journal of Molecular Endocrinology** entitling the ESA membership to a 25% discount on colour figure charges.

Impact Factor: 3.577

Website: <http://jme.endocrinology-journals.org/>

Endocrinology, Diabetes & Metabolism Case Reports is a unique, open-access resource that publishes and links together case reports, enabling practitioners to communicate findings, share knowledge and convey medical experiences efficiently and effectively; furthering both medical education and clinical practice. The search and browse functionality enables fluid navigation between case reports, facilitating discovery, connections and comparisons; making it the go-to resource across all the many disciplines intersecting with endocrinology, diabetes and metabolism.

ESA is one of many leading international societies that endorse **EDM Case Reports** in collaboration with Bioscientifica, a publisher wholly owned by the Society for Endocrinology. Members of ESA are eligible for a 25% discount on the publishing fee.

Australian Endocrinology Research Review

Australian Endocrinology Research Review is an independent medical update. Each edition features 10 key medical articles from global endocrinology journals with commentary from Professor Cres Eastman and Professor Duncan Topliss on why it matters to Australian practice.

It is free to receive for all Australian health professionals and is delivered by email as a PDF attachment.

[Sign Up here](#) to receive the publication on a regular basis.

Arthritis & Osteoporosis WA Research Scholarship in Bone and Mineral Endocrinology

Arthritis & Osteoporosis WA is an organization established to reduce the incidence and disabling effects of arthritis, osteoporosis and related conditions in the people of Western Australia.

The **Arthritis Osteoporosis Foundation of Western Australia and The University of Western Australia** are pleased to announce a scholarship funded by the Foundation to undertake a PhD in the area of bone and mineral clinical research.

The purpose of the scholarship is to enable medical doctors undertaking *advanced training in endocrinology via Royal Australasian College of Physicians* or equivalent to utilise their final year of training to start their Masters or Phd by research. This will add to the body of knowledge related to bone and mineral metabolism disorders and increase the pipeline of trained clinical researchers.

PATIENT RESOURCES IN ENDOCRINOLOGY- a partnership between ESA and the US Endocrine Society

<http://www.endocrinesociety.org.au/patient-resources/index.asp>

The Endocrine Society of Australia have established an international collaboration with the US Endocrine Society to adapt patient information to the Australian setting and make them readily available.

These resources are rigorously developed, evidence based and aimed to support patients to understand their endocrine condition with the support of their doctor.

Click for resources

These are available in both English and Chinese.

*This information is designed to be informative and educational. It is not intended to provide specific medical advice or replace advice from your doctor.

*Please note that only the information on the Australian link below is adapted to national settings including medications and tests. Other resources on the US website may be helpful but may not be consistent with Australian practice.

2017

23-28 July 2017

3rd FASEB SRC, Growth Hormone (GH) /Prolactin (PRL) Family in Biology & Disease, to be held July Steamboat Springs, Colorado, USA.
