### **Australian Addison's Disease Association Inc. - providing a vital adrenal insufficiency resource**

The AADA provides a valuable resource on adrenal insufficiency to the medical community, patients and carers. This non-profit organisation has more than 300 members across the country who are living with either Addison's Disease or adrenal insufficiency, and strives to improve outcomes for people with this rare condition by providing up-to-date information and ongoing support. Drawing on the expertise of leading Australian experts, the Association maintains [www.addisons.org.au](http://www.addisons.org.au), publishes a quarterly newsletter, staffs a help line for individuals and organises regular seminars and events. They also conduct important advocacy work with various health and medical professionals to help improve the diagnosis and treatment of people with adrenal insufficiency. The Association looks forward to working collaboratively with endocrinologists, endocrine nurses and the medical profession as a whole in the future.

For further information, please visit [www.addisons.org.au](http://www.addisons.org.au) or email us at [info@addisons.org.au](mailto:info@addisons.org.au)

### **Expressions of interest for Sydney/NSW Thyroid Cancer Interest Group**

Feedback is being sought regarding the establishment of a Sydney/NSW -wide Thyroid Cancer Interest Group which would meet twice yearly to discuss challenging cases. This group would aim to capture Endocrinologists, Surgeons, Oncologists and Nuclear Medicine Physicians and their trainees.

Feedback to Diana Learoyd at Royal North Shore Hospital in Sydney would be appreciated, via email

### **ANZBMS Annual Scientific Meeting, 2nd-5th September 2018, Queenstown**

The 28<sup>th</sup> annual scientific meeting of the ANZBMS will be held in Queenstown from the 2<sup>nd</sup> to the 5<sup>th</sup> of September 2018. Chaired by Rachel Davey and Rory Clifton Bligh, together with members David Findlay, Jill Cornish, Tim Cundy, Jackie Centre and Christina Vrahnas, the POC have put together a varied program of cutting-edge science that will appeal to both clinician and basic scientists in the musculoskeletal field. Topics to be presented by our invited speakers from France, the USA, Australia and New Zealand include bone and vascular biology, osteoarthritis, fracture healing and 3D printing, exercise, nutrition and sarcopenia, designing the skeleton, bone cell biology, as well as an update on anabolic and anti-resorptive therapies. Our scientific program also includes basic and clinical abstract presentations, young investigator awards and an interactive poster tour session. The Early Career Investigator Committee will be hosting a 'Building your research profile' symposium and an evening networking event. There will be ample time in the scientific program for networking and discussion including a free afternoon allowing delegates to make the most of our beautiful location, with the local organising committee organising a trip to one of Queenstown's nearby ski slopes. The depth and breadth of the scientific program, together with Queenstown's breath taking scenery, ensures for a vibrant and valuable meeting for all attendees.

### **9th International Congress of the Growth Hormone Research and IGF Societies**

On behalf of the Growth Hormone Research Society and the IGF Society, we are honored to invite you to the 9th International Congress of the Growth Hormone Research and IGF Societies, to be held in Seattle, Washington, September 14 – 17, 2018. The International Congress of the Growth Hormone Research & IGF Societies constitutes the most important scientific event in the area of Growth Hormone and IGF research. After the enormous success of the previous joint meetings of our societies, we trust that the Seattle Congress will continue our tradition of scientific excellence. The meeting will gather the most prestigious researchers and practitioners in the field and provide an excellent opportunity to learn from the experts and to share our most exciting data.

It would seem only fitting that a conference of this quality should also be held in a truly spectacular venue. Seattle is a beautiful modern city of museums, vibrant waterfront, restaurants and an active nightlife. The city is awake at all hours, with plenty to do and experience. Seattle is located in the beautiful Pacific Northwest region of the United States.

Please share this information with your friends, colleagues and members of your societies. We look forward to meeting you all in Seattle, September 2018!

Dr. Kevin Yuen and Dr. Charles Roberts, Co-Chairs, Local Organizing Committee

### **Australian Women's Leadership Symposiums**

The Australian Women's Leadership Symposiums are a national series of events focused on the experiences of women leaders in the contemporary workforce.

Taking place in every state and territory capital between May and August, the Symposiums are an unparalleled gathering of the best and brightest female talent. Keynote speakers for 2018 include Gail Kelly, Professor Gillian Triggs, Nova Peris OAM OLY, Jessica Rowe AM, Ita Buttrose AO OBE, Katrina Webb OAM, The Right Hon Dame Jenny Shipley and many, many more.

The principal themes that will be tackled at this year's events include:

- Resilience within the workplace
- Enabling women to lead
- The power of networking
- Being bold, being brave, being new
- Leading through change
- Getting comfortable with the uncomfortable.

An attendance discount of 25% is currently available by entering code ANSY18 at the time of booking (available until each Symposium sells out). For more information and to book: [www.wla.edu.au/symposium](http://www.wla.edu.au/symposium)
