

12 March 2015

The Organising Committee welcomes all students and interested scientists to the 2015 ESA Basic Career Development Weekend.

Website: <http://esamentorworkshop.org/>

When: 21-22nd August (immediately preceding the Annual Scientific Meeting).

Where: [Stamford Grand](#), Glenelg, Adelaide.

Focus: The weekend is focussed on mentorship and career development. There will be a number of leading Australian researchers who will provide insight into career development.

International Plenary: We welcome [Professor William Rainey](#) (University of Michigan), who will provide personal insight into the development of an internationally renowned career.

Included Topics:

- Fellowship funding: how to stay one step ahead.
- Alternative sources of funding: looking beyond NHMRC
- How do basic scientists develop translational strengths?

Travel grants will be available for students and early career researchers (5 years post-doctoral). Further information will be shortly available.

We look forward to seeing you in Adelaide.

Dr Belinda Henry, Chair, Organising committee

Hot Topics – ESA newsletter

HOT TOPICS! RECENT PUBLICATIONS FROM ESA MEMBERS The exceptionally high calibre of research conducted by our members is evident in the number of recent articles published in high impact, international, peer reviewed journals. Do you have a publication hot off the press? To have it included in the next Hot Topics! please forward a pdf of your manuscript and a short summary to the newsletter editor,
Dr Craig Harrison: craig.harrison@princehenrys.org by **18th March 2015**

Honorary Life Membership of The Endocrine Society of Australia

Nomination for Life Membership:

Nomination by any ESA member (of at least 5 year membership), to be seconded by another ESA member and accepted by the nominee (via a nomination form).

Considered and approved by a Council vote at the May 2015 ESA Council meeting. Life Membership will normally be limited to one recipient per year.

Criteria for ESA Life Membership:

- Age over 55.
- Member of ESA for 25 years or more.
- May have served on ESA Council, but have been off Council for a minimum of 2 years.
- Has made an outstanding contribution to research or clinical practice in the field of endocrinology in Australia.
- Is recognised as a high quality mentor/teacher through either supervision of higher degree candidates and/or clinical advanced training in endocrinology.

ESA Life Membership nomination form 2015

Provide your CV including the information listed below.
Contribution to ESA-POCs /meetings/Committees-Endocrine Track Record (Publications)
Endocrine Track Record – Endo & General awards
Mentoring or teaching of HDR or clinical trainees

Deadline: Friday 1st May 2015

Invitation to provide feedback on protocols currently under consideration by MSAC

ESA have been asked if we would like to provide feedback on Application [1385 - Shared Medical Appointments \(SMAs\) for Type 2 Diabetes Management](#) . This has been discussed by the Medical Affairs Sub-committee and decided that rather than ESA having a formal position, we would open this up for interested members to give their feedback as individuals. The protocol for Application [1385 - Shared Medical Appointments \(SMAs\) for Type 2 Diabetes Management](#) **is now available for public comment.**

If you would like to provide feedback on the draft protocol please complete the feedback form which can be found [here](#). You are welcome to provide feedback from either a personal or a group/organisation perspective for consideration by the Protocol Advisory Sub-committee (PASC). The feedback form should take 10-12 minutes to complete.

The data collected will be used to inform the Medical Services Advisory Committee (MSAC) assessment process to ensure that when application 1385 is assessed for public funding in Australia, that it is patient focused and achieves the best value. Please be aware that responses will be provided to MSAC, its subcommittees and the applicant with responses identified unless de-identification is specifically requested.

Please send all responses to the Health Technology Assessment Team at:
Postal: MDP 853 GPO 9848 Canberra ACT 2601 Fax: 02 6289 3561
Phone 02 6289 7550 Email: HTA@health.gov.au

Protocols currently available for public comment and accompanying feedback forms can be found at:
www.msac.gov.au

Find an Endocrinologist

The Endocrine Society of Australia receives regular enquiries to recommend an endocrinologist with particular interests or expertise. Endocrinology is a broad field, which includes some very common conditions, but also some very rare ones. As a result, people who have rare conditions may benefit from seeing a specialist with additional experience or expertise. The Society comprises clinical endocrinologists and also scientists, who research endocrine disorders but do not see patients. Clinical members of the Society have been invited to submit their contact details and self-nominated areas of interest. Please note that the Endocrine Society of Australia is providing this as a community service to help patients find a suitable endocrinologist (considering both geographical issues and area of interest). The Society is not endorsing or recommending any of the listed clinicians or their degree of expertise.

The general public will be able to search for an Endocrinologist in this section: <http://www.endocrinesociety.org.au/search-for-an-endocrinologist.asp>

If you would like to be listed in 'Find an Endocrinologist' Log in at the ESA homepage: <http://www.endocrinesociety.org.au/>

PATIENT RESOURCES IN ENDOCRINOLOGY- a partnership between ESA and the US Endocrine Society

<http://www.endocrinesociety.org.au/patient-resources/index.asp>

The Endocrine Society of Australia have established an international collaboration with the US Endocrine Society to adapt patient information to the Australian setting and make them readily available.

These resources are rigorously developed, evidence based and aimed to support patients to understand their endocrine condition with the support of their doctor.

Click for resources

These are available in both English and Chinese.

*This information is designed to be informative and educational. It is not intended to provide specific medical advice or replace advice from your doctor.

*Please note that only the information on the Australian link below is adapted to national settings including medications and tests. Other resources on the US website may be helpful but may not be consistent with Australian practice.

The Organising Committee welcomes all trainees, endocrinologists, and interested clinicians to the 2015 ESA Seminar, in beautiful Manly, NSW. The theme is Reproductive Endocrinology, and we plan an exciting program covering the spectrum of clinical issues in this important field. Our international guest will be Professor Bradley Anawalt from the University of Washington, USA, a renowned speaker on male reproductive endocrinology. We are also fortunate to have a great depth of Australian expertise who will share their experience in didactic lectures and interactive panel discussions. Full speaker lists and session details to follow shortly. We look forward to seeing you there.

Don McLeod, Chair, Organising Committee

Website: <http://www.esaseminar.org.au/>

Early bird registration now open. **Closes 20th February 2015**

The Organising Committee welcomes all trainees, endocrinologists, and interested clinicians to the 2015 ESA Clinical Weekend in the beachside town of Glenelg, Adelaide. Our two overriding themes will be Reproductive Endocrinology and Thyroid Cancer. We look forward to stimulating case discussions based on presentations by our advanced trainees supported by plenaries by our international guests, Professor Richard Santen and Professor Michael Tuttle, both renowned speakers and clinicians in the fields of breast cancer and advanced thyroid cancer respectively.

Registration and case study submissions open **10th February 2015**
